Dear Dr. Weisberg —

I managed to hear you ever so briefly on Radio Station K.h.A.C. one evening. I wish I could have heard it all — for what I did, I was spellbound!! You mentioned a book you wrote — "Whitewash".

Do you know I have that paperback? And for some reason I was never able to get interested enough to start or finish it — But, your talk on the radio had me in the palm of your hand, and I felt so terribly bad — as though I lost a dear friend — when you finally went off the air.

Did you by any chance write another book? If so, where may I purchase it? Sorry, I'm only a poor working ole lady (L.P.N.) so will not be able to purchase it in hard back — only paperback, dear!

Again my deepest admiration to you and

your work. What courage!! What a brilliant conversationalist! Please, please take time to drop me a note of any more of your radio or T.V. appearances? Dates, Time, stations etc.,

Cordially
